

# Come and play . . . **OCTOPUSH**

Octopush - "Underwater Hockey" - is a fast, action-packed sport played on the bottom of a swimming pool by two teams of six players, equipped with mask, snorkel, fins, and a small wooden pusher. It was devised in Southsea in 1954, and has been played in Chesham since 1989.

*"If you like swimming and snorkelling, it's a chance to play a team game, and it's one of the few sports in which men and women can compete on equal terms. It's all about skill and teamwork rather than strength."*
