

26 UWH Tournament in Breda

Argonauta Underwaterhockey Tournament, Breda, Netherlands

17th September 2016

Another high-level tournament was in our calendar in September 2016. That tournament was as high a level as the European Club Championship that we experienced in May 6-7th 2016 Coimbra, Portugal.

We had a full team with five backs (Betina, Fanny, Janine, Marie, Silvania) and five forwards (Julia, Katherine, Mollie, Tulin, Zsuzsa). We had 1-1 substitute players in the right back/forward lines and a group of three people changed for the two positions. I know it sounds pretty complicated, but we did very well when it

came to do it during the games. Our one and only team goal was a success of team effort and had Zsuzsa's last touch. Even though we lost all our games and had some disappointments, it was a great experience to develop, grow and improve our skills. Even though it seems unrealistic at the moment, I am still dreaming of Swiss Miss being a part of UWH European and World tournaments one day.

After the seven games against Amazons, Afrodita, NL Dames, Fontenay Ladies, LILA, The French Fouf and Hope Ladies, the hardest part of the day was waiting for us: the tournament party. The party theme was «Flower Power» and thanks to Fanny, we had a wonderful

flower outfit ourselves. I don't remember how many times we listened to "Duele El Corazon" and all WAHOOs danced over and over. Not only under water, but also at the party, we showed our strong team spirit, as always.
