

20 Wahoozas

Moirans, Frankreich

24. - 25. Juni 2017

We started in the lower pool and didn't think too much, just played and scored about 70:5 goals ☺. 8:2 being the closest game. That put us into the barrage and hence gave us the chance to play against the big boys.

The barrage was a tough game against Lille which we went back and forth. In the end, we decided it for us with a 6:5 win (and a puck over the goal and one under it ;))

So really, the big guys!

We already had two games against the A pool teams. Against U23 guys, who are leading the pool, we managed a 2:5 while being ahead 1:0 in the start.

In the last game of the day we drew against some jedis.

More fun to be had tomorrow

In the morning we continued with the round robin in pool A. We scored in all games, except for Lyon. In the early phases of the game we even went ahead sometimes. But in the end, all of the remaining big boys were ... well, too big.

With the tie from the day before, this meant we entered the playoffs between 5 and 8. For our semi, it was the Jedis again. That was a tough one, but this time we not only managed to get ahead, but to keep it up. 6:4 was the final score. That meant Diderot for the last game. We fought hard, went ahead 1:0 and could keep 1:1 for quite a while. But

eventually we broke down. We lost 9:2, putting in another one close to the end.

That meant 6th place out of 14 for Wahoo! At the ceremony they said, they were quite surprised about the Swiss team - expected them to be slow, or so. But we proved them wrong.

So, come all on Tuesday! Then you can check out our bruises

Philipp Hupp
