

Sportissima 2017 - Il sogno di una squadra Ticinese 10. September 2017

For the fourth consecutive year, I registered UWH to be presented in Sportissima, a yearly public sports event organised by the Department of Sport of Canton Ticino. This year, I had the help of a young local player, Karola, plus Tim and Andrew, two New Zealand players who were on holiday in Switzerland after the European Championship in Hungary the previous month.

It was a rainy Sunday in Bellinzona and we spent most of the day indoors, in a large hall, together with other sport stands and exhibitions. As in previous years, we had many curious children visiting our stand and playing with the puck on the floor. In the afternoon, we had an UWH trial with a number of teens joining us in braving the cold of the outdoor pool. A friendly reporting crew from RSI Radiotelevisione Svizzera, the main TV channel of Ticino, prepared quickly a report for the Sunday afternoon sports programme "Sport Non Stop".

We are looking for more players to join the Ticino team!
